

Head Protection

**DSI SAFETY INC. KNOWN AS DYNAMIC SAFETY INTERNATIONAL
IS A CANADIAN OWNED AND OPERATED COMPANY.**

CANADIAN

A totally Canadian company, owned by Canadians, managed by Canadians who design and manufacture personal protective equipment (PPE) in Canada for Canadian workers.

CSA

All hard hats manufactured and sold by Dynamic are CSA certified by CSA Canada. By doing so, we offer Canadian workers additional protection, security and further more we offer the management team an increased level of protection from legal action that may occur following a workplace accident.

PRODUCT OFFERING

Dynamic offers the Canadian market the most complete and diversified offering in head protection you can imagine. Eight (8) different models of safety hats in various types of suspensions with either pin lock or ratchet adjustment. Our offering of hard hats includes CSA Type 1 and Type 2 hats for construction workers,

plant workers, miners, linesmen, welders, food plant workers and all other workers needing head protection.

COMFORT

Our hats have been designed so that the user gets the maximum comfort, maximum protection, balance and weight that makes it light and very comfortable to wear. Features have been added to give workers additional comfort such as a crown pad, foam padding etc. The ratchet has been designed so that even wearing gloves you can easily adjust it.

The comfortable ergonomics of the suspension are so good that even if the user is working in a pronounced bending position the hat will stay in place and will not fall off.

PRINTING

Our printing services offer you a choice of logo in up to five (5) different colors per location. Something that no other manufacturer can claim.

Our service on printed hats is equal to none. Once your artwork is approved, product is usually shipped within 10 days or less..

COLOURS

Our choice of hat colors is impressive. With over 20 colors available and in stock.

ACCESSORIES

Our extensive offering of accessories is equal to our hat offering. Including: winter liners, replacement suspensions, sweat bands, comfort bands, wire cap cradles, chin straps, miners lamp brackets and reflective stripes of all kinds.

At Dynamic our Mission is to concentrate on Comfort, Fit, Reliability and Safety so that you focus 100% on your work.

Most of our offering is Canadian made. Our objective is to create more jobs in Canada.

CSA TYPE 1 CLASS E Z94.1-05 AND ANSI TYPE I CLASS E Z89.1-2009

This Hard Hat as been conceived primarily for peoples working at height or in confined spaces as well as for rescue teams. It is also ideal for sportsman for rock climbing or for speleologists. Made of Polycarbonate mixed with ABS making the hat ultra light while offering an exceptional protection against shocks, radiation and impacts. Non-vented Hat offering maximum protection against electrical chocks. Available in Type 1 and Type 2. The absence of the front peak offer a total non-obstructed vision up stream. The universal slot on each side of the helmet gives you the opportunity to install either ear muffs or a lamp bracket on the hat. The 4-point suspension with the exclusive "Sure Lock II" ratchet adjustment offer the perfect fit for all types of heads small or large. The shell offers a large printing surface in front, in the back and even on the sides so that you can apply your Logo or all other types of artwork. Comes with an easily adjustable, high quality, 4-point integrated chin strap.

FEATURES & BENEFITS

- Ultra light Shell made out of Polycarbonate mixed with ABS while offering you a superior protection.
- Shell has no frontal peak giving you a clear upward vision.
- Attractive ergonomic shell with fluid curves that do not interfere with the users ears.
- Large printing surface for your Logo.
- Redesigned suspension for maximum comfort.
- Maximum suspension adjustment to fit small and large heads.
